

# IFMBE Industry Committee (IC) and Education & Accreditation Committee (E&A) make a Industry Session on MEDICON & CMBEBIH 2023

The MEDICON & CMBEBIH took place in Sarajevo, Bosnia & Herzegovina (14th - 16th 2023). On the first day, the session IFMBE Industry Committee & BOSNIA & HERZEGOVINA FUTURES FOUNDATION (BHFF): "The transformative digitalization in healthcare environment". This activity was organized by: Program Committee of MEDICON & CMBEBIH. IFMBE Industry Committee and IFMBE Students and Recent Graduates Working Group (S&RG-WG).

The session was oriented to the exchange of experiences and discuss challenges in the global working world, by a group of invited panelists from the productive health sector, recent graduates or with experience in design, development and commercialization of emerging technologies in the field of healthcare or entrepreneurs who develop services for digital transformation.

The panel was moderated by professional members of IFMBE and BHFF, members of the medical and productive sector of digital health. Young professionals are invited as panelists who will share their different perspectives, experiences and challenges in digital health services for the benefit of patients and the global health care system.
