Nominee Information Form

Nominated for the position of:	CED Board member
Name of Nominee	Aris Dermitzakis
Constituent Society:	Hellenic Society of Biomedical Technology (ELEVIT)

Brief Biography of Nominee (not to exceed 200 words)

Dr. Aristeidis Dermitzakis is a Biomedical Engineer with extensive expertise in **Clinical Engineering and Biomedical Technology Management**. He holds a **PhD in Biomedical Engineering** from the University of Patras and the National Technical University of Athens. He is currently leading the **Institute of Biomedical Technology (INBIT)**, which plays a key role in the **development and implementation of Clinical Engineering initiatives in Greece**.

Dr. Dermitzakis has been instrumental in the **design and nationwide deployment of WebPraxis**, the **Medical Equipment Management System (MEMS)** used across all public hospitals in Greece. As part of the **National Registry of Biomedical Equipment**, this system aims to improve **tracking, evaluation, and management of medical devices**, contributing to **more efficient resource allocation and regulatory compliance**.

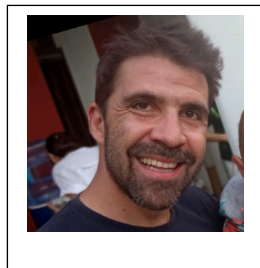

He has been an **active member of the Hellenic Society for Biomedical Technology (ELEVIT)**, serving on its board and working towards the **establishment of a Clinical Engineering Chapter**, with the aim of strengthening the profession both nationally and internationally.

Dr. Dermitzakis has also collaborated with the **World Health Organization (WHO)** on **medical device management, procurement, and policy development**. His contributions include work on the **WHO Compendium of Innovative Health Technologies**, participation in the **Medical Devices for COVID** initiative, and involvement in policy efforts related to the **distribution and utilization of high-value medical equipment**. Additionally, he has supported procurement strategies for the **Bulgarian Ministry of Health** and the **Greek National Authority of Health Procurements (EKAPY)**.

Through his involvement in **research projects, academic publications, and international collaborations**, Dr. Dermitzakis continues to contribute to the **advancement of Clinical Engineering**. His expertise in **policy, technology assessment, and regulatory frameworks** makes him a strong candidate for the **IFMBE Clinical Engineering Division Board**.

Nominee's Position Statement (not to exceed 200 words) (do not include CV)

As a member for the **IFMBE Clinical Engineering Division Board**, I am ready to contribute in further advancing the important division's role to strengthen the global recognition of **Clinical Engineering as a key profession in healthcare systems**, further fostering international collaboration, promoting **standardization**, and supporting **evidence-based decision-making** in medical technology management. My intention is to make time, expertise, leadership, and international experience in CED's role to shape the **future of Clinical Engineering and Biomedical Technology Management**.
