## NOMINEE INFORMATION

Nominated for the position of:	DHD BOARD MEMBER
Name:	Martha Lucía Zequera Díaz
Affiliated Society:	Colombian.....

Brief Biography (not to exceed 200 words)

Martha Lucía Zequera Díaz, PhD, is a Full Professor at the Pontificia Universidad Javeriana, Bogota, Colombia and an expert in biomedical engineering, with over 24 years of experience in research, education, and technological innovation. She obtained her PhD in Bioengineering from the University of Strathclyde and a Master's degree in Biomedical Engineering from the University of Dundee. Her expertise and achievements allowed her to build global networks and lead award-winning innovative projects in the field of digital health. Throughout her career, she has created a series of 9 Summer Schools on emerging technologies in health, impacting over 500 young people in Latin America and fostering interdisciplinary collaboration at conferences of IFMBE, IEEE-EMBS, and CORAL since 1998. As the Chair of the IFMBE Education and Accreditation Committee, she works in integrating education, research, and innovation, aligning them with global health challenges. With a vision to strengthen international representation, promote inclusion and diversity, and position IFMBE as a global benchmark in bioengineering, Dr. Zequera is dedicated in finding innovative solutions which could help in the attempt of transforming lives and address global health challenges through emerging technologies.

Position Statement (not to exceed 200 words)

With over 20 years of experience in education, innovation, and medical device development, I have worked to bring digital health technologies closer to professionals and young people, ensuring their application with expertise, ethics, and regulatory compliance to guarantee patient safety.

As a member of the IFMBE Digital Health Division, I have organized the IFMBE Latin American Summer School on Emerging and Digital Health Technologies for the past ten years, bringing together professors from various continents to inspire students and young professionals to develop innovative, cost-effective solutions for elderly care.

I will promote webinars with global experts to encourage the adoption of emerging health technologies and strengthen a knowledge-sharing platform with courses, events, and collaboration networks. Additionally, I will support the development of skills in digital healthcare tools, promoting design and innovation.

My vision is to foster innovation in digital health technologies with an accessible and sustainable approach. I will also enhance the website under my responsibility, increasing IFMBE's visibility and promoting networking, idea exchange, and project development in digital health.

I agree to have my name placed in nomination for the above-mentioned position, and if elected, to serve for the specified term.
