Position Statement (not to exceed 200 words)

It is an honour to seek re-election as Chair of the IFMBE Council of Societies. Over the past term, I have worked diligently to strengthen our global community, fostering collaboration between societies, enhancing knowledge exchange, and promoting the role of biomedical engineering in healthcare advancement.

I have exploited my previous experience as chairperson of the Clinical Engineering and Health Technology Assessment Divisions in promoting initiatives to support emerging societies, in particular in the new IFMBE African Region, improve communication channels, and expand educational opportunities. I am committed to continuing this mission by further developing strategic partnerships, advocating for increased representation, and facilitating the sharing of best practices across our diverse network.

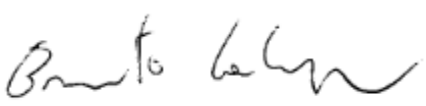

If re-elected, I will focus on fostering innovation, inclusivity, and impact. I will work to empower our societies, ensuring they have the resources and support necessary to thrive. Through continued engagement and strategic initiatives, I aim to elevate IFMBE's role in shaping the future of biomedical engineering worldwide.

I look forward to continuing our journey together.
