**Position Statement (not to exceed 200 words)**

I am honored to submit my candidacy for the Clinical Engineering Division (CED) Board of IFMBE. With a strong commitment to advancing clinical engineering, I aim to contribute my expertise, leadership, and strategic vision to support the CED's mission.

My goal is to advocate for policies that enhance clinical engineering's impact on healthcare, ensuring safe and effective medical technology management. Additionally, Workforce Development (Support initiatives to recruit, train, and retain clinical engineers, especially in Mongolia), International Collaboration and Medical Equipment Regulation & Safety (Promote harmonized regulations and best practices for effective medical device management) will be key priority.

With experience in clinical engineering, research on human resource capacity, and policy development, I am ready to contribute actively to IFMBE's initiatives.
